What is Dügl?

Dügl is a goal sharing networking service for iOS and Android. More specifically, Dügl allows its users with similar goals to connect with each other so they can share and track progress. This goal sharing network is a great accountability tool, providing users with the ability to receive reminders to check-in to their goals, as well as information on their friends' progress. Dügl's headquarters is located in New York, NY. We are a small company (100 employees), and they wish to be portrayed as a proactive company to encourage people to do more and to be the best versions of themselves. are the first social goal sharing platform,

Dügl – Do more

Dügl's competitors are other applications, such as: Fabulous, HabitShare, and ToDo. What makes Dügl stand out is that they are the first social goal sharing platform, unlike the rest of their competitors

“

With Dügl I was able to keep track of my goal and my progress, I have now been able to get better at a number of hobbies, and I now have a better workout routine.

- Alex, Dügl Beta Tester

”
